

## TECHNICAL FACTS

Lifting capacity	250 kg
Lift height	190 mm
Weight	33 kg
Length	1450 mm
Width	600 mm
Height	850 mm

# BRAKE DRUM LIFT ARJE

**Arje Brake drum lift makes it easy to lift the brake drum on and off** without any lifting that is heavy and stressful for the back. This gives increased efficiency and safety. The brake drum rests in a cradle and is easy to rotate for alignment with the wheel bolts. This reduces the risk of burns and crushing injuries. Stable wheels make it easy to manoeuvre the brake drum on the shop floor.
